

Rare Plant Fairs 2016

Specialist Plant Fairs in Magnificent Gardens

Now a permanent feature of the horticultural calendar, our fairs are held in beautiful and prestigious gardens, making a day out at one of our fairs a really enjoyable experience for everyone, whether a novice or experienced gardener.

Our Gardens

All of our fairs are held at beautiful gardens, a number of which are not frequently open to the public. Each garden has its own unique character, from those with histories stretching back centuries to more modern gardens created in recent years.

Our Nurseries

We carefully select our nurseries to ensure that they are genuine growers who produce most or all of the plants that they sell themselves. The nurseries that exhibit at each fair are chosen so that we can offer the widest possible range of plants to our visitors, including perennials, shrubs and trees, alpines, bulbs and exotic plants.

All of our nursery owners are experts in the plants that they grow, and some are National Collection holders. They are all always happy to offer the advice that you need to select and grow the right plants for your garden
